Dear Donald,

Thank you for making the 2010 Kansas Housing Conference our best event yet! With over 500 registrants, speakers and exhibitors taking part, this year's conference was a tremendous success.

In addition to our many sponsors, we know that a conference of this caliber is simply not possible without high-quality presenters such as yourself. Our attendees agree! In fact, KHRC has received countless feedback from registrants complimenting this year's speaker line-up and the dynamic breakout sessions that were offered.

You are an important reason why our attendees enjoyed this event! Please accept our gratitude for your time, hard work and willingness to take part. We appreciate you support in promoting affordable housing and community development issues across the State of Kansas.

Sincerely,

Gary Allsup
Executive Director, Kansas Housing Resources Corporation
